

NAME _____

Human Subjects Protection Review Committee

Project Description for Qualitative Research

I. Title of Project:

II. Description of the Project

a. Purpose: *Include a purpose statement here*

b. Number and description of participants: *Include number and description here. State how you will find participants.*

c. Procedure: *If interviews are conducted, include interview outline.*

III. Protections:

a. Privacy: *How will you make sure that you respect the privacy of the participants?*

b. Informed Consent: *What you will tell participants beforehand about the research?*

c. Risks/Unforeseen Consequences/Protections: *Include any risks and how you will handle the situations if this happens. For example, if you upset someone, you might refer this person to the counseling center, to someone onsite, or somewhere else.*

d. Benefits: *Include benefits to participants for participating in this study. For example, participating in an interview might make them think more about an important topic.*
