

**WORK AND LIFE EXPERIENCES  
BACKGROUND**

To complete your application file, the selection committee would like you to answer the following questions regarding your past or present work and life experiences. This information is used to evaluate you as a candidate for appointment to the Radiologic Technology Program. Please provide any documentation you have concerning volunteer hours completed, indicating the institution or organization that those hours were completed with. This information becomes part of your application portfolio with points assigned to each category. **Complete the form and bring with you to the interview.** Thank you.
